

# AARNIPP

Alberta Association of Registered Nurses in Private Practice

## Supporting Entrepreneurship, Professionalism, and Nursing Innovation

AARNIPP is an association of registered nurses who offer direct care, advocacy, health promotion, educational, research, administrative and/or consultative professional nursing services within a private practice.

### AARNIPP:

- ❖ Provides a supportive network for RNs in private practice.
- ❖ Acts as a resource to nurses interested in establishing a private practice.
- ❖ Provides educational opportunities for self-employed nurses.
- ❖ Promotes professional nursing practice.
- ❖ Increases public awareness regarding the role of nurses in private practice.
- ❖ Raises the profile of private nursing practice within CARNA and the nursing community.
- ❖ Participates in the policy-making process regarding the health care system.

### Benefits of Membership

- ❖ Networking opportunities and collegial support;
- ❖ Business promotion;
- ❖ Educational opportunities and resources.

### Become a Member Today!

Become a member today and join other AARNIPP members located in all regions of Alberta – both urban and rural.

To be eligible for an active membership, you must be: an RN with:

- ❖ A current CARNA practice permit; and
- ❖ Are engaged in, establishing, or supportive of private nursing practice
